# EDUCATION:
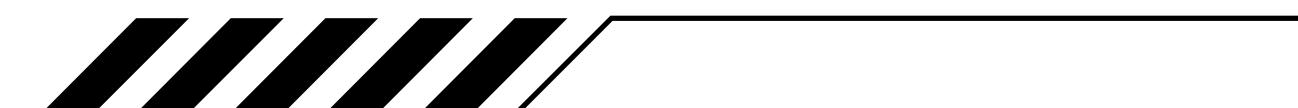

2021-2022 Class Size Distribution by District
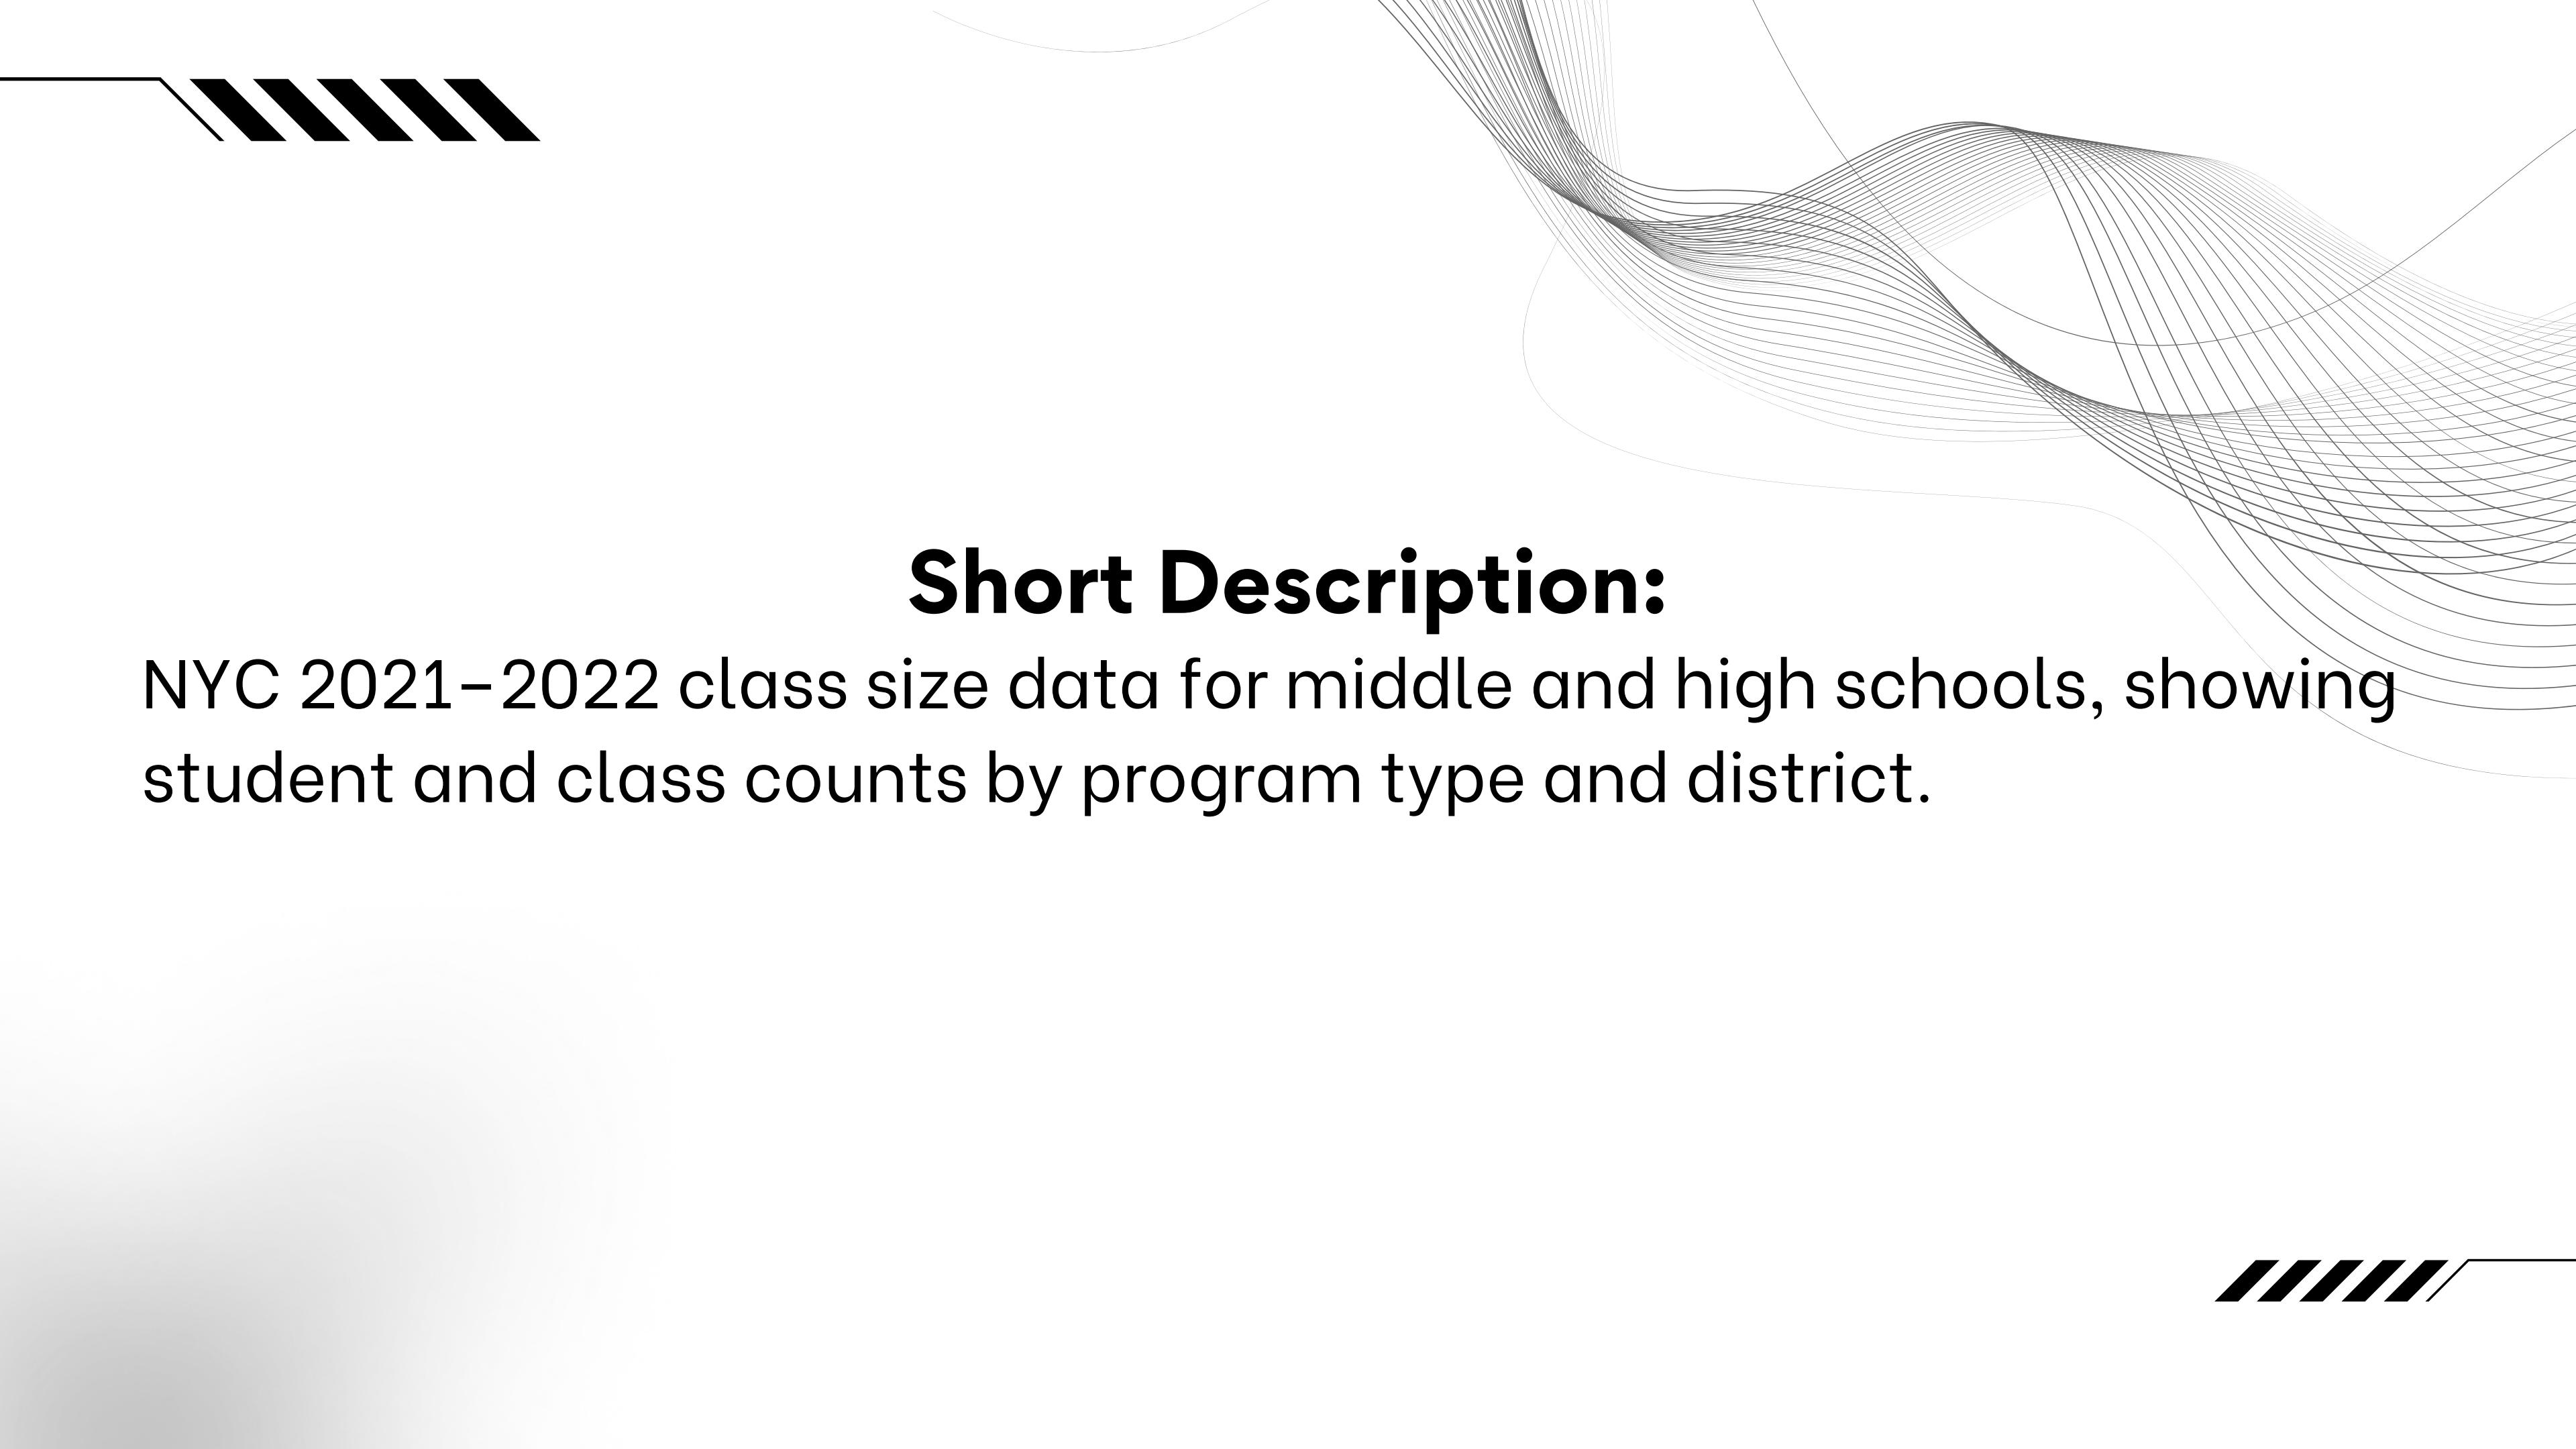

Paolo M. Artificio
Arth Thristian A. Panganiban
Brent Paulo Bolanos
Lance Kenneth Perono
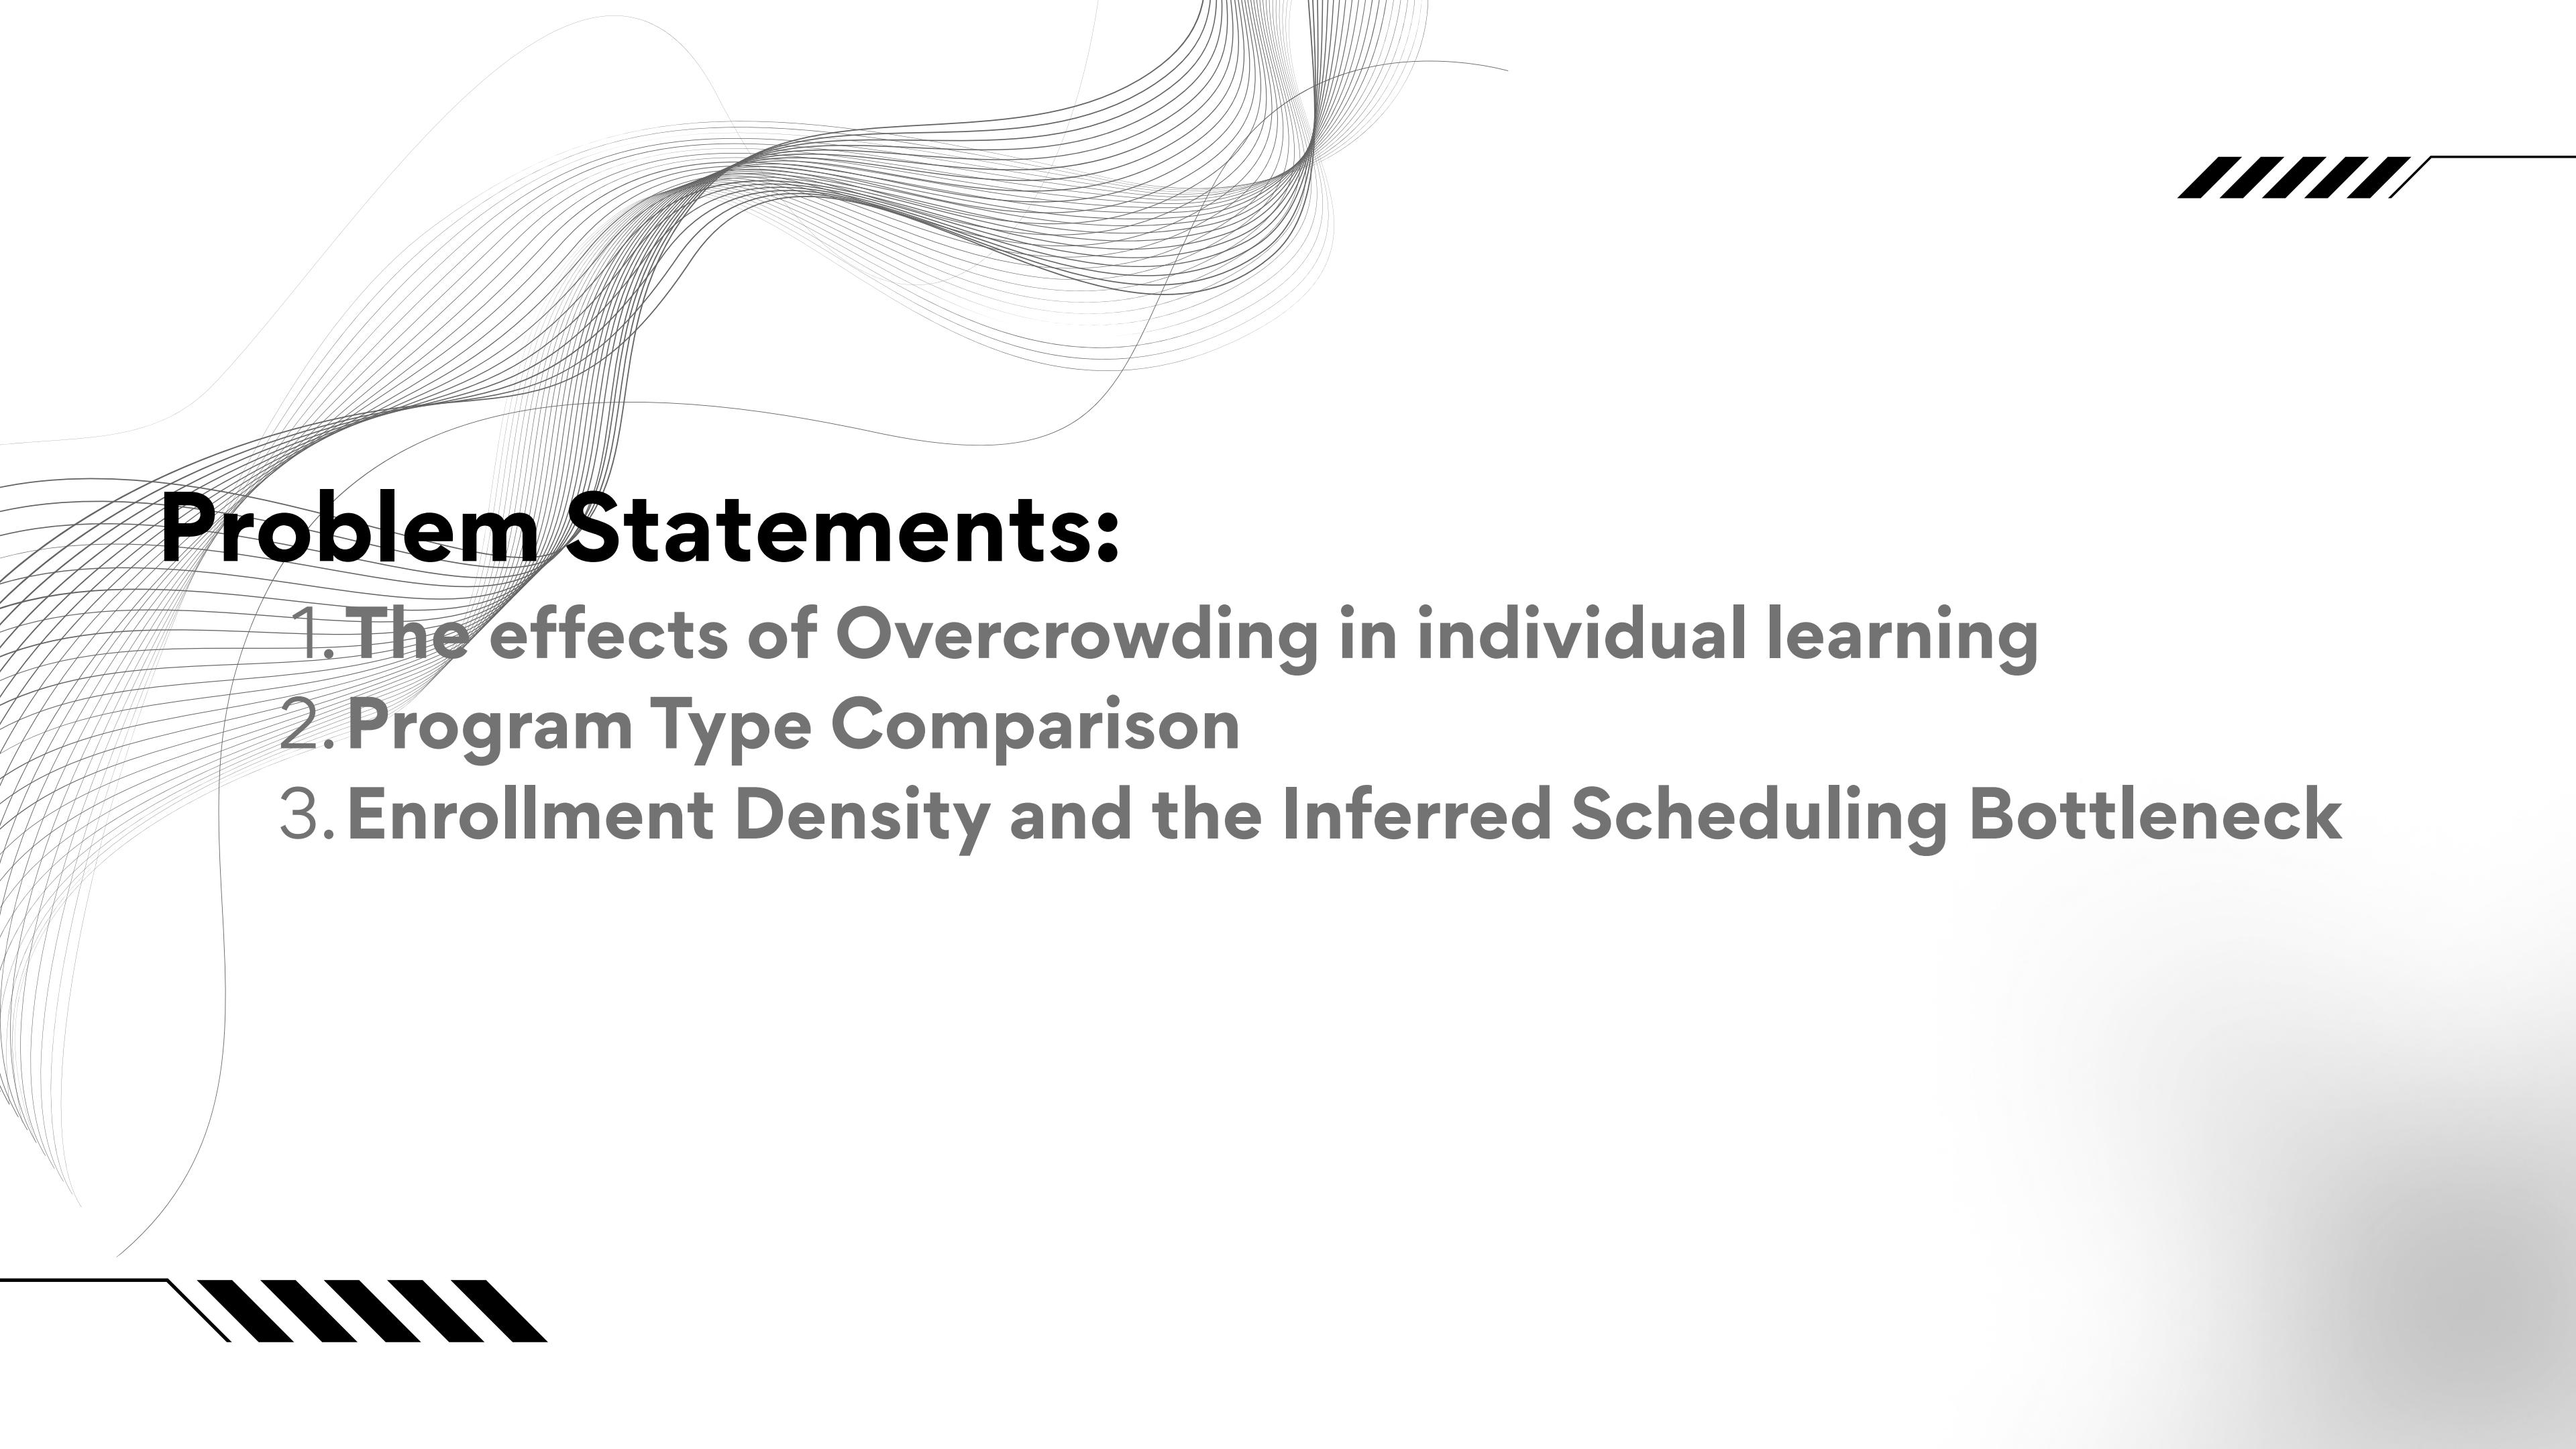

Short Description:

NYC 2021-2022 class size data for middle and high schools, showing student and class counts by program type and district.

Problem Statements:

1. The effects of Overcrowding in individual learning
2. Program Type Comparison
3. Enrollment Density and the Inferred Scheduling Bottleneck
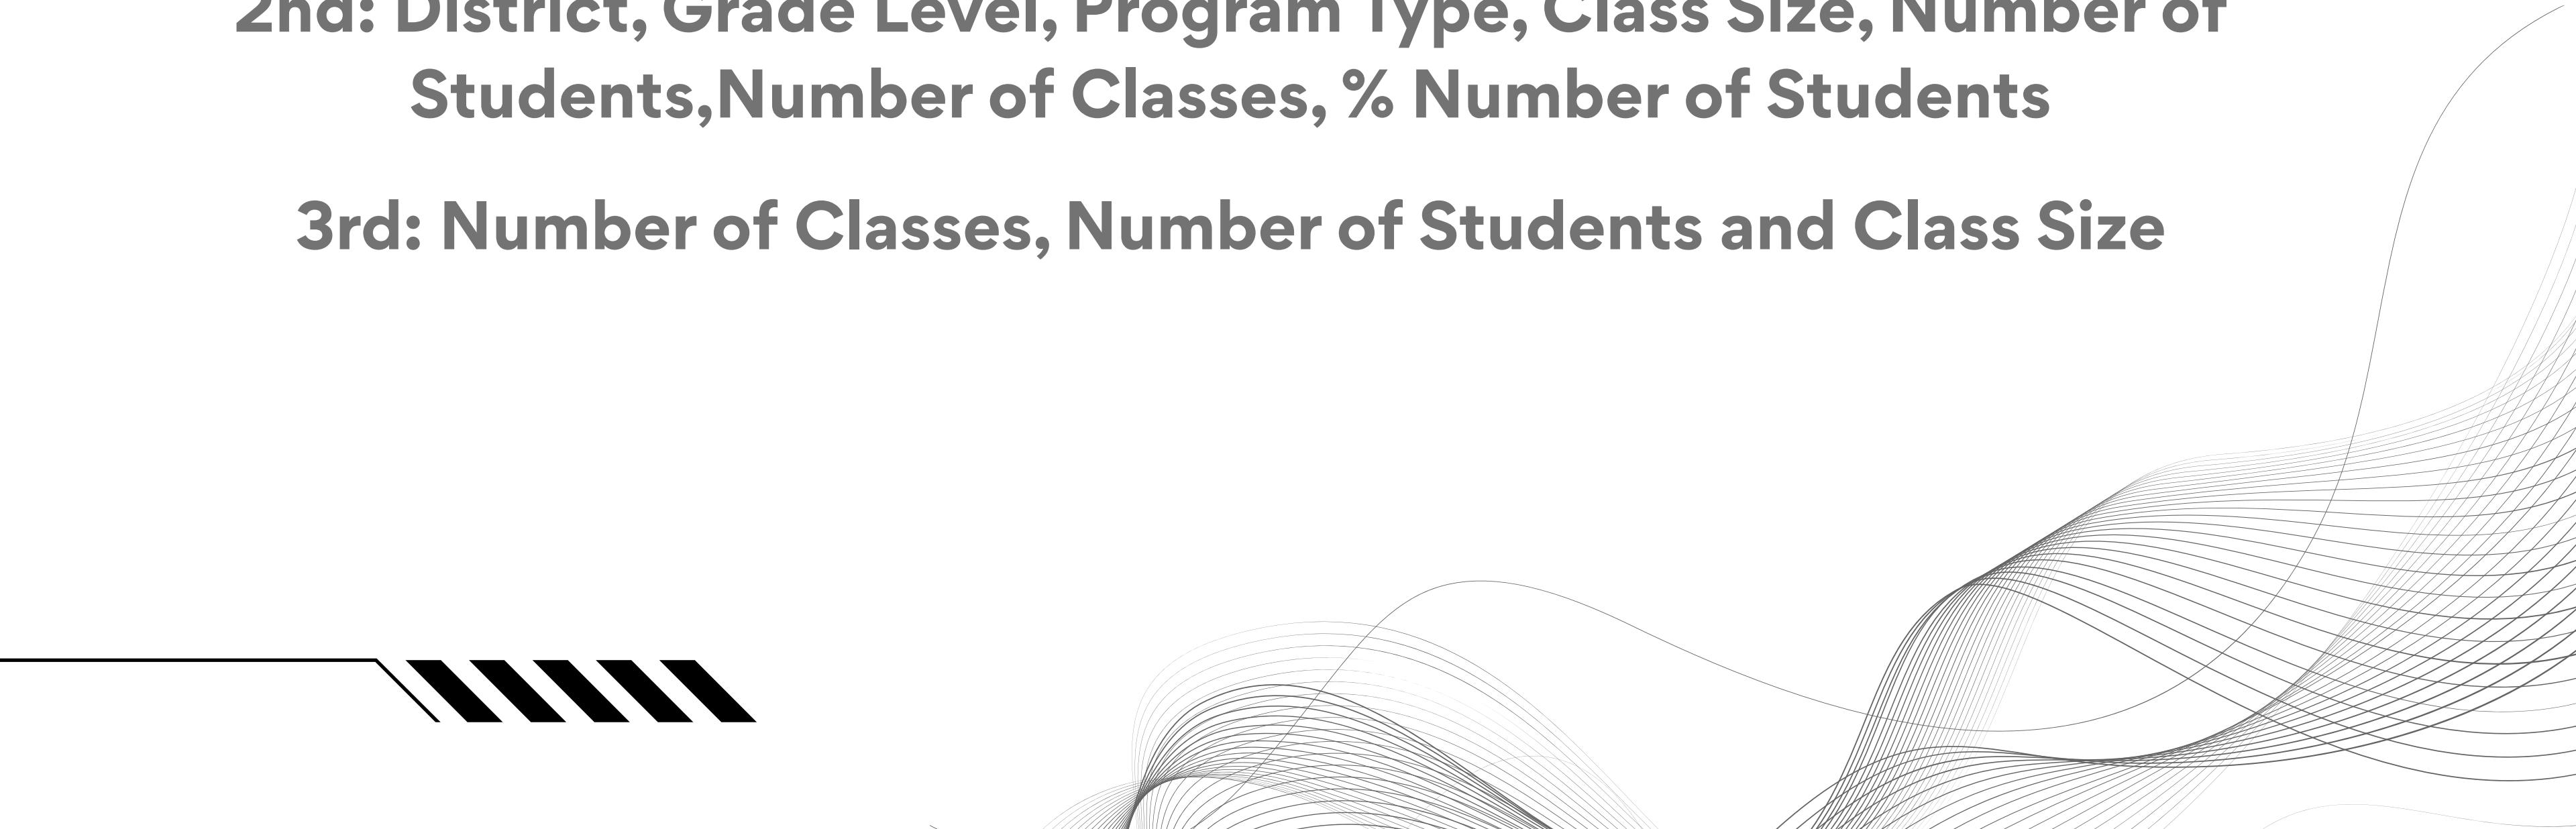

Columns or Fields used:

1st: Class Size, Number of Students and Number of Classes.

2nd: District, Grade Level, Program Type, Class Size, Number of Students, Number of Classes, % Number of Students

3rd: Number of Classes, Number of Students and Class Size

THANK YOU
